

## Chords to 'Knowing Your Heart'

This track has become one of my favourites, especially now that Peter, my youngest son, has added his cello part. I find this track just leads me straight into the Father's presence and I've used it as a backdrop to prophesy out about His heart toward us. How He knows our hearts and that He longs for us to know His heart towards each one of us: One of great favour and blessing - just as I feel as a father when I hear Peter's cello at the start and finish of this track. Wow!

This is quite a simple track but has been made to sound great by Richard's production and he plays the piano part on this particular track. When he was playing it, I just sat on the floor 'knowing the Father's heart'. There is no better place!!
